

Policy Statement

Lankhorst Engineered Products BV and EKON BV are a part of the Lankhorst Euronete Group BV. Their activities are designing, producing and supplying finished and semi-finished plastic products.

PURPOSE: Think limitless, act sustainable, for future generations

MISSION: Develop circular plastic solutions for future generations

VISION: Leave the world better behind than we found it

With this vision Lankhorst Engineered Products BV and Ekon BV want to be a forward-thinking company by

- being a responsible employer for its employees
- providing its employees opportunities for personal development
- leaving the world better than we found it by developing circular products for future generations.

The aim is to meet the wishes and demands of our customers in the best possible way. We undertake the needed actions to ensure that employees, third parties, environment and properties are protected from injuries and damage. Furthermore, we make every effort to prevent and reduce environmental impact and to comply with relevant legislation.

In order to comply with these obligations, Lankhorst Engineered Products BV and Ekon bv has developed and implemented a care system that complies with the demands as defined in the following international standards :

- ISO-9001: 2015 Quality Management System
- ISO-45001:2018 Occupational Health and safety management systems
- ISO-14001 2015 Environmental management system

We are committed to comply with the legislation concerned and to operate a policy of continuous improvement. The management team of Lankhorst Engineered Products BV and Ekon BV considers it their task to identify dangers and to classify, control and reduce risks in all areas of their operations.

As management team we realize that the commitment of all Lankhorst and Ekon employees is essential when it comes to maintaining and continue optimizing our policies concerning Quality, Environment, Occupational Health and Safety.

Lankhorst Engineered Products BV

W.H.C. Stroet, Managing Director
